

Nine Patch

FINISHED BLOCK SIZE: 12" x 12"

In this pattern, the classic Nine Patch block is made using two contrasting fabrics. You may also consider using two contrasting fabrics with a third fabric used in the center spot, or use a variety of prints to make this block as scrappy as you desire. Though our instructions direct you to cut individual patches, using the strip-piecing method is a more efficient way of making this block if you need multiple identical Nine Patches.
